

Acknowledgement

It gives me immense pleasure to express my gratitude to **Dr. P. A. Khodke**, who provided me constructive criticism and a positive feedback during this project work. I acknowledge my sincere thanks to **Dr. Amol P. Bhagat**, who always supported me in my research endeavors and whose support encouraged me to move forward.

I am indebted to, Dean (PG Studies) of M.E. Department and other teaching non-teaching staff who were always there whenever I needed any help. Without them and their co-operation, completion of this project work would have been inevitable and their presence behind me is totally indispensable.

I also express my sincere gratitude to our respected Principal, **Dr. M. S. Ali** for providing me necessary facilities.

My sincere thanks to the staff of **“Computer Science & Engineering”**, without their help, I could not have even conceived the accomplishment of this report. This work is virtually the result of their inspiration and guidance. I would also like to thank the entire Library Staff and all those who directly or indirectly were the part of this work. I am also thankful to my parents whose best wishes are always with me.
